## Policy brief & purpose

Our Company Social Responsibility (CSR) policy refers to our responsibility towards our environment. Our company's existence is not lonely. It's part of a bigger system of people, values, other organizations and nature. The social responsibility of a business is to give back to the world just as it gives to us.

## What is Company social responsibility?

Our Company Social Responsibility (CSR) company policy outlines our efforts to give back to the world as it gives to us.

### Scope

This policy applies to our company and its subsidiaries. It may also refer to suppliers and partners.

### Policy elements

We want to be a responsible business that meets the highest standards of ethics and professionalism.

Our company's social responsibility falls under two categories: compliance and pro-activeness. Compliance refers to our company's commitment to legality and willingness to observe community values. Pro-activeness is every initiative to promote human rights, help communities and protect our natural environment.

### Compliance

#### Legality

Our company will:

- Respect the law
- Honour its internal policies
- Ensure that all its business operations are legitimate
- Keep every partnership and collaboration open and transparent

## **Business ethics**

We'll always conduct business with integrity and respect to human rights. We'll promote:

- Safety and fair dealing
- Respect toward the consumer
- Anti-bribery and anti-corruption practices

## **Examples of Company Social Responsibility**

### **Protecting the environment**

Our company recognizes the need to protect the natural environment. Keeping our environment clean and unpolluted is a benefit to all. We'll always follow best practices when disposing garbage and using chemical substances. Stewardship will also play an important role.

### **Protecting people**

We'll ensure that we:

- Don't risk the health and safety of our employees and community.
- Avoid harming the lives of local and indigenous people.
- Support diversity and inclusion.

### **Human rights**

Our company is dedicated to protecting human rights. We are a committed equal opportunity employer and will abide by all fair labour practices. We'll ensure that our activities do not directly or indirectly violate human rights in any country (e.g. forced labour).

### **Pro-activeness**

### **Donations and aid**

Our company may preserve a budget to make monetary donations. These donations will aim to:

- Advance the health, education and community events.
- Alleviate those in need.

## Preserving the environment

Apart from legal obligations, our company will proactively protect the environment. Examples of relevant activities include:

- Recycling
- Conserving energy
- Using environmentally-friendly technologies
- Supporting the community

Our company is committed to the United Nations Global Compact. We'll readily act to promote our identity as a socially aware and responsible business. Management must communicate this policy on all levels. Managers are also responsible for resolving any CSR issues.
